## EDUCATION

**KIT – KalaignarKarunanidhi Institute of Technology – Coimbatore , India.**

B.Tech. Computer Science and Business Systems, II-year

2024 – 2028

**Current CGPA: 8.07 /10.0**

**Coursework :** Database Management Systems,Internet Of Things, Operating Systems & Full Stack Development.

## TECHNICAL SKILLS:

- **Programming :** Java – OOPS,Python(Basics), C/C++(Basics).
- **Database Management :** MySQL .
- **Web Development :** HTML, CSS & JavaScript.

## PROJECTS

### To-Do List Application

1. Developed a task management application using Java and Maven to streamline daily task organization and tracking
2. Implemented CRUD functionalities, including task creation, modification, and deletion
3. Designed an intuitive and user-friendly interface to improve usability and user experience

### EKart – E-Commerce Web Application

1. Built a full-stack e-commerce web application using Spring Boot for product management and order processing
2. Implemented secure user authentication and dynamic shopping cart functionality
3. Designed and developed workflows for product listing, cart management, and checkout operations
4. Gained hands-on experience with real-world e-commerce architecture and backend integration processes

### Smart Classroom Energy Monitoring System Using IoT – Ongoing Team Project

1. Developing an IoT-based smart energy monitoring system to track and optimize electricity usage in classrooms
2. Integrating sensors and microcontrollers to collect real-time energy consumption data
3. Designing a monitoring dashboard for efficient analysis and management of power usage
4. Collaborating within a team environment to implement automation concepts and improve energy efficiency

## CERTIFICATIONS & COURSES:

Tools: Excel,IoT, VSCODE, Github.

- Coursera | Google - Get Started with Python.
- Coursera | IBM - Introduction to Cloud Computing.
- CISCO – Introduction to Cyber Security
- Infosys | Springboard - Java 11 essentials.
- CISCO - Python essentials 1
- CISCO - Python essentials 2
- nVIDIA - Fundamentals of Deep Learning.
- Infosys | Springboard – Artificial Intelligence Primer Certification.
- CISCO – Introduction to Data Science.

## CO-CURRICULAR ACTIVITIES:

### Coordinator , TechAura (KIT)

Served as a Coordinator for TechAura at KIT, contributing to event planning, team coordination, and smooth execution of technical activities.

### Event Coordinator , Udhayam'25,26 (KIT)

Worked as an Event Coordinator for Udhayam '25 & '26 at KIT, managing event operations and collaborating with teams to ensure successful event organization.

|--------------------------------------------|-------------------------|------------------------------|------------------------------|
| <b>Leetcode :</b> Max rating - <b>1433</b> | Solved problems:90+     | Top : <b>85.52%</b> globally | Highest Rank: <b>6,04762</b> |
| <b>Codechef :</b> Max rating - <b>1440</b> | Position: <b>2</b> Star | Problems: <b>300+</b>        | Division: <b>3</b>           |

## ACHIEVEMENTS:

- **Specialized Java Certifications:** Completed the “Java 11 Essentials” certification from Infosys Springboard, gaining knowledge in object-oriented programming concepts and Java framework fundamentals.
- **Python Specialist:** Earned “Python Essentials 1 & 2” certifications from Cisco Networking Academy and OpenEDG, building a strong foundation in Python programming and backend logic.
- Participated in **24 Hours Hackathon** at KalaignarKarunanidhi Institute Of Technology, Coimbatore.

## SOFT SKILLS:

- Good at leading and managing team activities
- Adaptable team player with good collaboration and interpersonal skills
- Experienced in organizing meetings and coordinating technical and non-technical events
